

Name: Alexander Gamkrelidze
Date of birth: 21. 09. 1970
Place of birth: Tbilisi, Georgia
Marital status: single
Nationality: Georgian
Address: I. Javakhishvili Tbilisi State University
University street 1, Tbilisi, Georgia
Tel.: +995-322 / 22 - 64 - 92
e- mail: sandro@hinkali.com

Education:

1976 – 1987: Visiting the 58-th school in Tbilisi
1987 – 1990: Applied mathematics at the Tbilisi State University
1990 – 1992: Guest student at the University of Saarland
1992 – 1996: Student of computer science at the University of Saarland
Diploma in computer science and mathematics
Masters thesis: “Entwurf eines booleschen Sortiernetzes mit der Struktur eines n- Dimensionalen Würfels”
(Development of a Boolean Sorting Network on an n-dimensional Hypercube)
2001: PhD in computer science, University of Saarland
PhD thesis: “Einige Optimierungsmethoden hierarchischer Schaltungen”
(Several Optimization Methods of Hierarchical Circuits.
With an application to fast arithmetics)

Employment:

1992 – 1996: Student scientist (HiWi) at the university of Saarland, supported by the Deutsche Forschungsgemeinschaft, DFG
1997 – 2001: Member of the scientific staff at the department of computer science, University of Saarland and at the Max-Planck Institute for Informatics in Saarbrücken
2001: PhD student, Max-Planck Research School
since 2002: Member of the scientific staff at the I. Vekua Institute of Applied Mathematics and at the Tbilisi State University
2006 - 2008: Assistant professor at the department of Computer Science, I. Javakhishvili Tbilisi State University
since 2008: Full professor at the department of Computer Science, I. Javakhishvili Tbilisi State University, head of the Department of Computer Science

Experience:

1999: Visiting the Hosei University in Tokyo and the Fujitsu company in Numazu City, Japan
2004: Visiting the Department of Engineering at the Loughborough University, Great Britain
since 2002: Visiting the Department of Comp. Science, University of Saarland and the Max Planck Institute for Computer Science, Saarbrücken
since 2006: Visiting the Department of Computer Science, ETH Zürich, Switzerland
2013-2015: Joint project with San Francisco State University San Francisco; CA; USA

Cooperations: University of Saarland, Max Planck Institute for Computer Science, University of Trier, Germany; Loughbourogh University, Great Britain; ETH Zürich, Switzerland

Research areas: Computational Topology (knot and graph invariants, holonomic representation of knots, categorial study of polytopes), Algorithm design and complexity, Theory of computation, VLSI design

Languages: English, French, Georgian, German, Russian
